AI + ERP Transformation Program Manager · PMO & Earned Value Leadership · Contract, 100% Remote

chris.clark@clarkfamilyusa.com · linkedin.com/in/chrisclarkin · Washington, DC

AI and ERP transformation program leader with 15+ years leading \$1B+ organizations through modernization. I run programs with earned value discipline and executive governance, and I build the AI that powers them, deploying agents that automate ERP, supply chain and finance operations.

SIGNATURE OUTCOMES

- **Five Oracle Fusion go-lives in five years**, every one delivered on time and within budget.
- **>97% budget accuracy and >90% milestone compliance** using earned value management.
- **40% reduction in cross-system mismatches** through AI-governed inventory reconciliation.
- **+10% line utilization, 15% lower overtime, 10% lower expedite cost** from an AI operations control tower.
- **Governed \$25M+ technology portfolios** and multi-vendor SI teams of 25 to 60 across the Americas, EMEA and LATAM.

CORE STRENGTHS

AI & Data: Oracle AI Agent Studio. Enterprise AI agents for ERP, supply chain and finance. Snowflake, Databricks, ML pipelines, AI governance and decision intelligence.

ERP & Cloud: Oracle Fusion Cloud (Finance, SCM, WMS, HCM, Manufacturing), SAP S/4HANA, Oracle EBS to Cloud migration, OIC / REST / JSON, RICEFW (100+ objects), Salesforce.

Program & Delivery: Earned value management, hybrid Agile and Waterfall, executive steering committees, multi-vendor and SI governance, RFP and vendor selection, M&A and post-merger integration.

Leadership: CIO, Chief AI Officer and Transformation Program leadership. Technology strategy and target operating model, cybersecurity and compliance governance, board advisory, portfolio governance (\$25M+).

EXPERIENCE

ERP Transformation Partner / Executive Advisor

2021 to Present

[Byrne Dairy \(\\$1B Dairy & CPG Manufacturer\)](#), Syracuse, NY · reports to CFO

- Designed and delivered the future-state Target Operating Model across finance, procurement, manufacturing and supply chain.
- Led five Oracle Fusion go-lives in four years (data migration, finance, purchasing, HCM, warehouse management) on time and within budget.
- Created and deployed AI agents for inventory reconciliation in Oracle AI Agent Studio.
- Ran the SI RFP, scoring and selection, and chaired the executive steering committee.
- Applied earned value management to achieve >97% budget accuracy and >90% milestone compliance.

Chief Information Officer (CIO)

2017 to 2021

[MDVAMILK \(\\$1B Organization\)](#), Reston, VA · reports to CFO

- Served as CIO during an enterprise transformation and growth phase.
- Led enterprise implementation of SAP S/4HANA Cloud across finance, supply chain, manufacturing and distribution.
- Defined and executed a multi-year digital transformation roadmap, and established cybersecurity and compliance governance.
- Chaired executive steering committees overseeing risk, budget and strategic priorities.

Vice President, Technology

2015 to 2016

[SCORE](#), Herndon, VA

- Advised executive leadership on technology strategy and built multi-year roadmaps and governance.
- Oversaw implementation of an enterprise CRM supporting thousands of users nationwide.

SVP, Information Management

2013 to 2015

[NeighborWorks America](#), Washington, DC

- Led enterprise platform modernization supporting over 100,000 end users.
- Governed a large technology portfolio and implemented delivery frameworks improving transparency and outcomes.

Technology & Product Leader, Minestream Software

From 2008

Network security devices, SaaS dashboard, global engineering · successful exit

- Led technology strategy and global development for stealthy reverse-firewall network devices that stopped information leaks at the network door, paired with a SaaS dashboard.
- Architected the embedded product strategy and built four consumer network-security appliances in 24 months.
- Named on an international technology patent featuring 65 claims, creating strategic advantage and an exit path.
- Managed an international engineering team (U.S. and offshore) and device-manufacturer partnerships across the U.S., Israel and Taiwan.
